

The 5th annual

CREEK WEEK

... CLEANUP ...

Save the date!

SEPTEMBER 29 - OCTOBER 7, 2018

A Healthy Creek Needs Helping Hands:

It's common for trash and debris to end up in Fountain Creek and local waterways – clogging drainage systems, harming wildlife, reducing water quality, and ruining the scenic beauty.

Take action during CREEK WEEK! Volunteers are needed for cleanup duty and litter patrol along creeks, trails, parks and open spaces throughout the watershed in southern Colorado. Individuals and groups (families, clubs, schools, churches, businesses, neighborhoods, scouts, etc.) are invited to form a 'Creek Crew' for the 5th Annual Creek Week Cleanup. Crew members will benefit from getting outdoors, healthy exercise, team building, and gaining the satisfaction of giving back. Your Crew's efforts will improve the health of a precious resource for many community members, visitors, plants and wildlife, and water-users downstream.

Questions? Contact Allison Plute, Creek Week Director, at aplute@csu.org or (719) 668-4686.
